# Queen Victoria and War Memorial Hospital.

REPORT AND ACCOUNTS FOR THE YEAR ENDED  
31st DECEMBER, 1939.

ADOPTED BY THE GENERAL COMMITTEE AT A  
MEETING HELD ON SATURDAY, THE 30th MARCH,  
1940, FOR PRESENTATION TO THE 41st ANNUAL  
GENERAL MEETING OF SUBSCRIBERS AND FRIENDS  
OF THE HOSPITAL.

## I. GENERAL ACTIVITIES.

The Committee is glad to report that the usefulness of the Hospital continues unabated. During the year 256 patients were admitted for treatment, and this number has only twice been exceeded. Considering the difficulties resulting from the war, the number compares most favourably with those of the peak years, 1934 and 1935 (264 and 259 respectively).

Taking into consideration all the circumstances prevailing during the latter part of the year the comparative results shown in the Statistical Tables on page ?? cannot be regarded as unsatisfactory.

The record of Patients is :—

<b>In-Patients.</b>				Discharged cured	...	199
In Hospital on the				„ relieved	...	41
31st December,				„ in statu quo...		9
1938	...	...	11	Died in Hospital	...	4
Admitted during the				Transferred to other Hos-		
year	...	...	256	pitals	...	6
				In Hospital on the 31st		
				December, 1939	...	8
			<hr/> 267			<hr/> 267
<b>New Out-Patients...</b>	1,044			Attendances	...	2,778
<b>Operations, Major...</b>	153			Minor	...	132
<b>X-Ray Patients</b>	...	313				

In-Patients were admitted from the various districts as follows :—

Hanwell	...	...	...	...	112
Greenford and Northolt	...	...	...	...	39
West Ealing	...	...	...	...	38
Ealing	...	...	...	...	25
Southall	...	...	...	...	15
Brentford	...	...	...	...	4
Acton	...	...	...	...	3
Other Districts	...	...	...	...	20

The Committee has to report the following changes during the year :—

- (a) Four members of the Honorary Medical Staff (Drs. Hamilton, Weston, French and Paul) are now on Active Service; Mr. I. Briggs, M.R.C.S., L.R.C.P., deputised for Dr. Weston for a short time, and Dr. Paul's place has been taken by Mr. J. R. B. Johnstone, M.B., Ch.B. The Committee is grateful to these gentlemen for helping the Hospital in its need, and at a time when the demand on their services must be already heavy enough.
- (b) Mr. R. P. Bradley has been appointed Assistant Honorary Treasurer.
- (c) By the death of the Rev. William Muir Farquhar, M.A., the Hospital has sustained the loss of one of the small surviving band of those who took part in the foundation of the Hospital 43 years ago, and his passing is deeply regretted by all who knew him. He had been a Trustee since 1910 and the Hospital will hold in grateful memory the interest which he always shewed in its work and welfare.

The Trust Deed stipulates that the number of Trustees shall not be less than two, and as Mr. Farquhar's death reduced the number to the minimum the Committee has decided that it would be advisable to elect new Trustees up to the maximum permitted by the Deed, i.e., five. Messrs. G. F. Boughey, H. P. Nash and R. Pears have been appointed to fill the vacancies.

- (d) Another death which must be recorded here is that of Mr. T. Burchill. For very many years Mr. Burchill was a very keen and active worker, and the Committee regrets that latterly some years of troublesome illness laid him aside from practically all his interests. His work for Hanwell will be of lasting benefit and will always be

remembered by those who were associated with him.

- (e) Since the close of the year under review Mr. Percy Scott has died, and the Hospital has thereby lost another old Subscriber, and one who was intimately connected with the Hospital for many years. He served on the General and House Committees from 1910 until 1917; was Chairman of the General Committee during 1911 and of the House Committee from 1912—1914 inclusive.
- (f) By the removal of Mr. E. W. Holland from Greenford the Hospital has lost one of the most energetic of its workers. For several years he shouldered most efficiently the important task of organising the Box-collections in Greenford and supplemented this by making house-to-house collections. The increase in box-receipts recorded in last year's Report was a testimony to his untiring perseverance, and the Committee has every reason to be grateful for his labours for the Hospital in Greenford. Mr. Holland's place has been taken by Mr. E. T. Crawley, who has already thrown himself wholeheartedly into the work.

---

The major difficulties connected with the war commenced in the late summer. On Saturday, September 2nd, instructions were received to discharge all Patients except those who were dangerously ill, so that when war was declared on the following day, two patients only remained in Hospital. As time went on, however, and the threatened air-raids, happily, failed to materialise, it was found possible to release for normal service the beds that had been reserved for war casualties, and it is satisfactory to record that, at the time of writing, this state of affairs persists.

The war-time difficulties were enhanced by the enforced departure from the district of the three principal Officers, namely, the Chairman of the General Committee, the Honorary Treasurer, and the Honorary Secretary. Mr. W. H. Sharp agreed to act in Mr. Pears' absence, while Mr. R. P. Bradley, the Assistant Honorary Treasurer, has readily and most efficiently undertaken responsibility for the Finances. Mr. A. Leonard, a newcomer to the work, very willingly consented to undertake the duties of Honorary Secretary, and these he has performed with great assiduity. To these gentlemen the Committee extends its cordial thanks.

Arrangements were in hand for the usual Pound Day collection to be made during September, but it was impossible for this to be held, and the Hospital thus lost the benefit of the gifts which are so helpful.

The Housekeeping Accounts suffered accordingly, but the Committee asks everyone to do whatever they can from time to time by sending gifts in kind to help.

It is most encouraging that numerous expressions of gratitude continue to reach the Committee from ex-patients and their friends—a sure indication that the reputation of the Hospital for efficiency and sympathetic treatment is being maintained. The gift from one Patient was a modern sterilizer for Theatre instruments, and this is warmly appreciated by the Committee.

The Visitors appointed by King Edward's Hospital Fund for London paid their annual visit in June, and once again expressed satisfaction with the working of the Hospital. Following a suggestion put forward by the Visitors the Committee is considering the provision of more adequate accommodation for the Operating Theatre instruments, and it is hoped to effect this improvement in the near future. Another urgent requirement is a new sterilizer for Dressings, etc. The existing equipment has been in use for many years and has been frequently repaired. It has now reached a state which demands renewal.

The Ladies' Linen League has continued, despite difficulties and absence of members, to give most generously in goods and time for the provision and repair of the Hospital Linen. Mrs. David Levi has continued as President, whilst Mrs. Summersell was elected Chairman, and Mrs. Wright undertook the office of Honorary Treasurer. Mrs. Nash became Honorary Secretary, but it was impossible for her to continue after the outbreak of war, and her place was taken by Mrs. Ross.

The House Committee has watched very carefully the routine work, and has had the pleasure of working under the efficient and kindly guidance of Mrs. Bradley.

## II. FINANCE.

The financial year under review has been, for all voluntary people, one of an indeterminate expenditure on A.R.P. coupled with hospitals, one of depressing financial forebodings. The prospect of an almost inevitable diminution in income, left little room for optimism in most minds. Happily, the year started with a substantial sum as a bulwark against possible shocks, and this fortunate circumstance enabled the Committee to take consolation in the fact that the adverse balance this year might have been very much greater than it is; and when allowance is made for certain reimbursements on account of A.R.P. that

are expected from the Ministry of Health, the comforting thought is left that the worst fears have not been realized.

It is true that Income is down by some £343, but even so, it did not reach the low water-mark of 1937 and it should be pointed out that a substantial sum under Patients' Contributory Schemes arrived too late for inclusion. The most disquieting feature is the drop of £203 in Voluntary Gifts (including Subscriptions £17, Donations £137 and Boxes £34), for it is under this heading that are included the proceeds of the various activities which are bound to feel the repercussions of the war. It is to be hoped that all those many friends whose labours have in the past helped to maintain these activities will, even in the difficult days to come, strive as far as possible to keep things going.

It is satisfactory to note that the Flag-day receipts shewed a large increase over previous figures. Actually, over £65 was collected, but the cost of emblems accounted for £17, and of these sufficient remain for this year's requirements. In the circumstances it is unfortunate that the fifty per cent. bonus promised by an anonymous donor has had to be diverted to other channels. Mr. J. W. E. Brown was again in charge of the organisation. For the first time, and by arrangement with Ealing Hospital, a depot was opened in Greenford under the superintendence of Mrs. L. A. Young.

As mentioned above, box collections are down (Hanwell by £24, Greenford by £10), notwithstanding a considerable increase in the number of box-holders. The King's Arms again heads the list and once again very cordial thanks are extended to Capt. and Mrs. Bennett for their magnificent work. A hospital box is one of the most satisfactory ways of raising money, and, given the will, perhaps the easiest. Would it be too much to ask of the many friends who hold boxes, that as a special war effort they should endeavour to double their last year's collection?

On the expenditure side, there has been a net increase of £87. Cost of Provisions is down by £45 (owing to evacuation of Patients), and that under Domestic items by £42 (mainly Fuel and Light). Surgery and Dispensary shew an increase of £61, and Salaries and Wages one of £65. There have also been slight increases under Miscellaneous and Establishment and one of £25 under Administration. A pleasing feature is the absence of any figure under the heading "Interest," as at no time during the year has the Hospital been without money in the Bank.

During the year the Hospital was the recipient of a munificent bequest of £1,640 from the Estate of a former Patient, the late Mrs. L. E. Jones. This has been placed to the credit of the Extension Fund Account, as was also the sum of £37 6s. 0d. This was a donation most kindly given by the Great Western Railway Dramatic Society, the proceeds of a performance of "Poison Pen," held at the Park Theatre.

The work on A.R.P. involved the concomitant consideration of the plans for the new extension referred to in last year's Report and in deciding to proceed with them at once, the Committee is aware that it has incurred a great financial responsibility. This burden has not been shouldered lightly, but in the firm belief that the expenditure is essential if this great little Hospital is to continue in its high standard of service to the community. The Committee is convinced that the Hospital must either advance with the times, or perish, and it is sure therefore that it will have the approval of local residents and other friends—old and new—in this effort to extend the great work to which it has set its hand.

For over 40 years the Hanwell Cottage Hospital has stood as a memorial to that spirit of selflessness and service which is so valued a tradition in the English national life. This spirit must, of all things, endure, and the Committee is confident that its appeal to the people of Hanwell and Greenford—yes! and of Ealing, too—will not fall on deaf ears or unresponsive hearts.

Unhappily the future is dark with uncertainties and the purses of all are strained to the utmost, but, whatever happens, the services of hospitals will always be needed, perhaps in greater measure than heretofore. The voluntary hospitals have a traditional and honoured place in the scheme of things and their own special functions to perform. Thousands have had reason to be grateful for what the Hanwell Cottage Hospital has done for them, and it would be a calamity indeed if this great work should have to be curtailed through lack of funds. Even in these most stringent times it should not be difficult to raise the £5,000 required for the rebuilding and extension programme if every subscriber and friend of the Hospital determines to do something. After all this amount, required for the war against sickness in this District, represents only the cost of about sixty-six seconds of the present war against another kind of aggression.

**Won't you help? Ways in which you can do so are indicated on the back cover of this Report.**

### III. A.R.P. AND EXTENSION.

As adumbrated in last year's Report, the protection of the Hospital against Air Raid and War damage has received the close and urgent attention of the Committee, and every endeavour has been made to comply with the special instructions issued and approved by the Ministry of Health.

The "blacking-out" was undertaken by Mesdames Bradley, Brown, Jamieson and Sharp, and these ladies worked unceasingly until black curtains had been made for every window of the Hospital. All the windows have been coated on the inside with cellophane to minimize the risk of splintering.

The interior of the Operating Theatre and of the Sterilizing Room has been protected from falling glass by covering the windows and skylights with fire-proof board; the outside has been enveloped by sand-bagging and auxiliary electric light has been installed.

Additional fire appliances were referred to in the last Report, and a hose-reel, complete with 100 feet of hose, specially suitable for use in the corridors, has now been provided, together with a separate connexion to the water-main. Auxiliary fire appliances, with the necessary equipment for dealing with fires from incendiary bombs, have been installed. In this connexion, the whole of the inside of the top storey of the building has been cleared and one-inch boards have been laid across the ceiling joists, the boards being covered with asbestos fire-proof material.

The exterior of the Hospital has been protected by sand-bagging, from eight to twelve feet high. This appeared to be a huge undertaking for amateurs, but with dozens of willing helpers, including members of the Committee, men from St. Joseph's Church, the Union Church, boys from Hanwell Methodist and St. Mark's Scouts, local residents, etc., the task soon took shape under the expert guidance of Mr. Robert Pears. Until sand could be procured, the kitchen garden was dug up for the purpose. Saturday, 26th August and the following days will long be remembered by all who took part, and to all those friends who helped very sincere thanks are due.

The Ministry of Health is contributing towards the cost of the foregoing, with the exception of the black curtains and the hose-reel, which the Ministry contends are owners' liabilities.

The question of providing adequate Air Raid shelter gave the Committee great anxiety and concern. After much dis-

cussion and consideration, it was decided to provide an underground shelter constructed to the specific recommendations issued by the Ministry of Health and to incorporate the shelter with the proposed domestic extension. Messrs. Dodge and Reid, the Architects, were asked to prepare a suitable scheme embodying the Air Raid shelter and the new boiler house, contiguous to each other, on the one foundation. Plans were prepared and tenders obtained, and these were submitted to the Ministry of Health for approval. The accepted tender was £847. Of this total, the shelter, which is fitted with emergency escapes, sanitary arrangements, electric light, etc., and accommodates 40 persons, accounts for £417. The Ministry of Health will make a contribution towards this cost, but the amount\* has not yet been settled.

Upon the approach of the Emergency in August, the matter became urgent, and the Committee decided that the shelter (and boiler-house) should be put in hand immediately. The work was finished in November.

The roof of the shelter is of reinforced concrete designed to carry a weight of over 200lbs. per sq. foot and to withstand the fall of débris in the event of the collapse of the superstructure. Considerable difficulty and delay were experienced during the excavations owing to a network of underground springs and running water. These troubles necessitated additional land drainage and the installation of a permanent automatic electric pump, to protect the foundations from damage by hydraulic pressure.

With regard to the proposed new kitchen arrangements, improved dining and sitting rooms, and additional quarters for the staff—the urgency of which was referred to in last year's Report—the Committee has decided that these long overdue necessities brook no further delay. It is contended that it will cost far less to carry out the scheme now, than to wait until after the war, and that, if, unfortunately, Air Raids and casualties should come, the extra accommodation would be needed for the effective running of the Hospital. As reported last year, plans have been prepared by the Architects and approved in principle by the Committee of King Edward's Hospital Fund. Tenders have now been called for, and it is hoped that the work will shortly be put in hand. The King's Fund has contributed £200 as a first instalment towards the cost.

The completion of the foregoing new work will entail the reorganization of parts of the old building in accordance

with the second part of the scheme approved by the Extension Sub-committee. Briefly, this will include the provision of a bathroom and lavatory for the Private Wards, a Dispensary and an Anæsthetic Room on the ground floor and certain re-arrangements on the first floor necessitated by the extension. At the same time, a new heating system will be installed to serve the whole of the Hospital buildings, as the present one will be inadequate, and is, in any case, practically worn out. The total cost of all the work contemplated will be from £5,000 to £6,000.

No record of these activities of the Committee would be complete without reference to the devoted efforts of the Honorary A.R.P. Organiser, Mr. J. W. E. Brown, whose unfailing capacity for work and getting things done, places the Hospital heavily in his debt. The Committee considers itself most fortunate indeed that Mr. Brown was available, and willing to shoulder the difficult task allotted to him last year: difficult, because optimism deprived it of the sanction of urgency, while prudence demanded that if it were to be attempted at all, nothing should be left to chance. Accordingly, Mr. Brown set to work to safeguard the interests of the Hospital—not only in correspondence and interviews with the Ministry of Health, the Architects and Contractors, but by making himself responsible for the ordering of appliances and for the supervision of constructional and defensive work on the spot. In addition he has piloted the final plans for the new extension with which the A.R.P. work is intimately connected. Everything is ready for emergencies should they, unfortunately, arise, and for this state of preparedness, the Committee offers its most sincere thanks to Mr. Brown.

It is desired to record with appreciation, the assistance rendered from time to time by Mr. R. A. Mickelwright, the Honorary Secretary of the Middlesex Voluntary Hospitals' Association, whose experienced advice has been most helpful in connection with the A.R.P. negotiations with the Ministry.

Thanks are also heartily extended to Mr. J. Newman who has voluntarily given of his spare time to instruct the Nursing Staff in fire prevention, defence against gas warfare and general A.R.P.

#### **IV. THANKS.**

Finally the Committee wishes to record its deep gratitude to all those who have so generously helped the Hospital through another successful year. It is impossible to refer to

all those friends by name, but it is desired particularly to mention the Honorary Consulting and Medical Staff, the Subscribers, Box-holders and Collectors, the Carnival Committee, the Ladies' Linen League, the Mayor and Mayoress of Ealing, the Honorary Architects, the Honorary Solicitor, the Honorary Auditors, the local Press, the many individuals and organizations who have given direct help, the Executive Officers and last, but by no means least, the Staff of the Hospital generally.

Arthur Hill PRESIDENT.

Robert Dean CHAIRMAN.

[illegible]

TO THE SUBSCRIBERS OF THE HANWELL COTTAGE HOSPITAL.

We have audited the Accounts of the Hospital for the year ended 31st December, 1939, and are of opinion that the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of affairs of the Hospital according to the best of our information and the explanations given to us and as shown by the books of the Hospital. The Monthly Payments and Receipts from Patients are vouched and passed by the House Committee. To the best of our knowledge and belief the regulations of the Revised Uniform System of Hospital Accounts have been followed.

HAY T. LOUCH & Co., Chartered Accountants, Honorary Auditors.  
8 & 9, New Street, Bishopsgate, E.C. and Hanwell.  
April 23rd, 1940.

## STATISTICAL TABLES.

Statistics for the year 31st December, 1939, compared with those for the previous year.

### IN-PATIENTS.

#### (a) Number of Beds and In-Patients.

	Numbers in 1939		Numbers in	
	To Aug. 31	Sept./Dec.	Year	1938
1. BEDS :				
(a) Complement at 31st December ... ..	—	—	16	16

A. G. M. WRIGHT,  
Honorary Treasurer.

# URGENT APPEAL

The assured annual income of the Hospital from Subscriptions has averaged over the past five years only £203 per annum. This totally inadequate amount, which is unworthy of this large and growing district, could very easily be doubled or trebled if all Subscribers and other friends of the Hospital would make a determined effort to that end.

## WILL YOU HELP ?

### REMEMBER

A yearly subscription of half-a-guinea represents a mere  $2\frac{1}{2}$ d a week—a donation well within the means of all but the very poor.

Having realized this DO PLEASE get busy among your friends—they could not refuse these few coppers weekly in this great cause.

Here is a summary of the ways in which you and your friends can help :

**A. By becoming a Subscriber.**

If desired a subscription-box could be taken, in which amounts could be put weekly or monthly.

**B. By becoming a Box-holder.**

Boxes could be passed round the family each Sunday, when friends are present and on other special occasions.

**C. By making gifts in kind, especially during Egg Week and on Pound Day.**

**D. By selling Flags on Flag Day.**

**E. By enrolling on the Panel of permanent Ticket Sellers for Whist Drives, Concerts, Plays, etc.**

**F. By becoming a house-to-house Collector.**

If you are willing to offer your services under one or more of these heads, please notify the Honorary Secretary at the Hospital, marking your envelope ' Appeals '.
